

Subject: Greenfield 'will get things done' in Bernardsville

Sep 30, 2020

EDITOR:

Diane Greenfield has been a dedicated Bernardsville resident for 30 years. She has always volunteered her time to help our community and public-school district, where her two sons attended.

I was a baseball coach when I met Diane and her family in 1999. She was a founding member and board secretary for the Somerset Hills Youth Baseball league, which today is known as Somerset Hills Little League.

When the Somerset Hills School Board cut the budget for middle school sports, the middle school parents got together and hired Diane as athletic coordinator to help create and run an athletic program to insure their children did not miss out on the middle school sports experience. Diane has spent many years working hard to organize, coordinate and run events that have enhanced the lives of our Bernardsville families.

Diane served on the Borough Council for a year in 2019, stepping up to fill a vacated seat. Diane is a problem solver; she looks at an issue from all perspectives, formulates a plan and gets it done.

She is a fiscal conservative who voted against a budget increase - how often does that happen these days?

Looking long term, she pushed the council to create a passive and active recreational plan to avoid frivolous spending on pet projects. Diane is a strong leader with experience, vision, and work ethic to help Bernardsville move forward.

If you want to get things done in town then Diane is the one who will. Please vote and join me in supporting Diane Greenfield for Borough Council.
