To the Editor:

I have known Joanne for several years. In the time that I have known her, Joanne has always put God, family and country first! She is an advocate for small business and knows what it takes to succeed. Joanne is also a staunch advocate for smaller, less intrusive government. Know part of the key to success is that ideas have to have a fertile environment to grow and prosper, and not getting bogged down in government overreach and mandates.

A vote for Joanne will be a vote for the strengthening of your community!

God Bless you Joanne for picking up the torch of Liberty and standing in the gap!
